

### Pre-conference workshops 30 Jun-3 July 2012

Four workshops in ecological statistics will be held immediately prior to the conference. Two of these will be held at Finse Alpine Research Center in the Hardangervidda mountain plateau and the remaining two at the conference venue, Sundvolden Hotel.

- ❑ AD Model Builder by Mark Maunder, Hans Skaug & Andres Nielsen, 30 Jun-1 Jul 2012
- ❑ Population Genetics for Statisticians by Rachel Fewster & Arnaud Le Rouzic, 2-3 Jul 2012
- ❑ Hierarchical Modelling and R-Package 'Unmarked' by Andy Royle & Richard Chandler, 2 July 2012
- ❑ Model Selection by Nils Lid Hjort, 3 Jul 2012

More details will be published on the conference website nearer the start of the event.

# International Statistical Ecology Conference 2012 3-6 July 2012

[www.cees.uio.no/isec-2012](http://www.cees.uio.no/isec-2012)

Convening experts from around the world to present and discuss issues of interest to ecological statisticians and biologists. Hosted by the Centre for Ecological and Evolutionary Synthesis (CEES), Dept. of Biology, University of Oslo, Norway

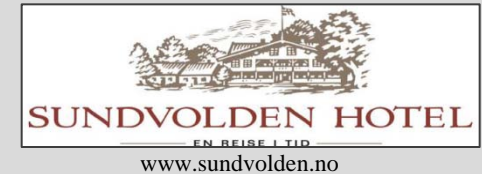

**Venue: Sundvolden Hotel  
(40 minutes from Oslo)**

### Plenary Speakers:

**Steinar Engen**, Norwegian University of Science & Technology  
**Rachel Fewster**, University of Auckland  
**Joanna Mills Flemming**, Dalhousie University  
**Otso Ovaskainen**, University of Helsinki  
**André Punt**, University of Washington  
**Andy Royle**, Patuxent Wildlife Research Centre  
**Nils Chr. Stenseth**, University of Oslo  
**Len Thomas** - University of St. Andrews

**All enquiries to:  
[isec-2012@bio.uio.no](mailto:isec-2012@bio.uio.no)**

**Conference Venue:  
Sundvolden Hotel, Krokkleiva**

[www.sundvolden.no](http://www.sundvolden.no)

Situated approximately 40 minutes outside Oslo in the Ringerike countryside.

Gateway to Nordmarka, perfect starting point for many outdoor activities, e.g. hiking, swimming and kayaking on the Steinsfjorden lake.
