

Possible areas of discussion:

Age diversity / change
Community demographics
Counting populations
Economic demography
Employment futures
Ethnic futures
Family and fertility
Population health futures
Infrastructure and services
Labour market / participation
Maori futures
New research
Methodologies
Urban planning
Population and policy
Regional diversity/ change

We also propose to hold a graduate research symposium for post graduate researchers to showcase their areas of study.

... And any other issues of relevance.

Abstracts to be in by 30 September 2011

Submission forms available on our website.

The conference is of relevance to anyone who has an interest in population drivers, trends, issues and impacts in New Zealand.

This includes people researching, teaching, or working in the fields of demography, geography, sociology, health, education, economics, housing, planning, and diversity across local and central government, research institutions, iwi, not for profit and community agencies.
