

NZSA Awards

A total of 12 student travel awards were made for attendance at the Conference: 4 Massey, 7 Auckland, 1 Victoria.

We have one nominee for each of the Campbell Award and Littlejohn Prize, plus two nominees for the Worsley Prize. The Awards Committee met in the second week of November to decide on the winners.

An application was made for sponsorship for NZMASP 2015, but declined as it would take students away from our own conference – both conferences are about a week apart. Also not made explicit is that this conference serves Statistics very poorly. It is dominated by Mathematics.
