

ANZJS Editors' Report to the 2016 AGM

ANZJS Editors

Editor-in-Chief: James Curran (U. Auckland)

Theory & Methods Editors: Martin Hazelton (Massey U.) and Michael Martin (ANU)

Applications Editor: Chris Triggs (U. Auckland)

Book Review Editor: Petra Graham (Macquarie U.)

Technical Editor: Rolf Turner (U. Auckland)

1. Overview

James Curran has successfully completed his first full year as Editor in Chief.

The journal impact factor continues to be rather disappointing. It is currently 0.431, placing ANZJS 107th out of 123 journals in probability and statistics as listed in the ISI journal database.

2. Editorial Meetings

The Editors met face-to-face in Auckland in February this year.

3. Technical Editing

The role of Technical Editor is time consuming. This has been particularly the case in recent years, with an increasing number of technically solid submissions from researchers for whom English is not their first language. To help offset the growing workload, a number of Technical Sub-Editors have been appointed.
