

## **Newsletter report**

Since taking over as newsletter editor at the end of 2015 my focus has been to re-establish regular newsletters. To that end two newsletters were published in 2016 (January and June). I would like to acknowledge Steffen Klaare, the previous editor, for his work and the useful files he passed on.

The content, in the main, of this year's newsletters has been human interest stories and local news. I am very grateful to all those who have contributed local news and other stories.

Finally I would like to thank Harold Henderson and Catherine Cameron for their diligent proof-reading and Vanessa Cave for putting the newsletter on the NZSA website.

**Marie Fitch**
