

Australian and New Zealand Journal of Statistics Non-Editorial Management Report to the 2018 AGM

Team

Matthew Schofield (U. Otago)

Matthew Parry (U. Otago)

1. Compliance with GDPR

The main outstanding issue is that because Wiley, the journal's publisher, is subject to the EU General Data Protection Regulation (GDPR), the ANZJS will also need to demonstrate compliance around privacy and data-handling. The incoming executive will determine whether we need to take further legal advice and/or can adopt the policies that have been put in place by SSAI.
