New Zealand Statistical Association (Incorporated)

Entity Information

"Who are we?", "Why do we exist?"

For the year ended:
31 March 2018

Legal Name of Entity:*	New Zealand Statistical Association (Incorporated)
------------------------	----------------------------------------------------

Other Name of Entity (if any):	
--------------------------------	--

Type of Entity and Legal Basis (if any):*	Incorporated Society and Registered Charity
-------------------------------------------	---------------------------------------------

Registration Number:	CC46256
----------------------	---------

Entity's Purpose or Mission: *
To lead New Zealand to value and make intelligent use of statistical thinking and good statistical practice and to promote research and the practice and understanding of statistics in New Zealand for the common good.

Entity Structure: *
Membership of the Association is divided into three classes: ordinary members, corporate members, and honorary life members. All members may attend and have voting rights at the Annual General meeting, which is held concurrently with the annual conference. Executive office holders such as the President, Secretary and Treasurer are elected at the AGM.

New Zealand Statistical Association (Incorporated)

Entity Information

"Who are we?", "Why do we exist?"

For the year ended:
31 March 2018

Main Sources of the Entity's Cash and Resources:*

Membership subscriptions are the principal source of income for the Association. Other sources include donations from businesses which are used to support the annual conference in exchange for publicity and advertising, revenue from investments, and any surpluses arising from short courses and the annual conference. These funds are used to finance activities such as student travel awards to attend the annual conference, student prizes awarded to worthy students, prizes for every regional Science and Technology fair in New Zealand, as well as supporting an endowment fund for projects designed to further the aims of the Association. Occasional payments are made to similar organisations to support activities in line with the Association's aims, for example a grant to support an invited speaker in Statistics to the New Zealand Association of Mathematics Teachers annual conference. Other costs include annual dues for institutional membership of the International Statistical Institute and the Royal Society, web pages hosting costs, bank fees and other bank charges.

Main Methods Used by the Entity to Raise Funds:*

Membership subscriptions are the principal source of income for the Association as outlined above.

Entity's Reliance on Volunteers and Donated Goods or Services: *

The association relies entirely on members volunteering their time to serve, either as elected office holders or as members of committees. These include an Executive committee comprising the President, Secretary, Treasurer and up to 17 other members, an Education committee which consults and advises the education sector regarding content and syllabus, an Awards committee which oversees and recommends awards to students and members, a Science fairs committee to liaise with the activities of New Zealand regional Science and Technology fairs, a Students and Early Career Statisticians committee to support early-career statisticians and a Membership Committee which oversees membership procedures including issuing annual subscription notices and banking subscriptions. The Association also has a committee which has joint oversight (with the Statistical Society of Australia) of the Australia and New Zealand Journal of Statistics, and a conference organising committee set up annually and consisting of local members (in conjunction with the Operations Research Society of New Zealand).

New Zealand Statistical Association (Incorporated)

Statement of Service Performance

"What did we do?"

For the year ended
31 March 2018

Description of the Entity's Outcomes:

Members receive The Australian and New Zealand Journal of Statistics quarterly, and the NZSA Newsletter, which provides news of statistical happenings within New Zealand and interesting overseas developments. Together with the Operations Research Society of New Zealand, the Association organises a annual three-day conference, normally held in late November, which is open for registration to both members and to the public. In addition to invited and contributed papers on a wide range of topics, there are often special sessions with panel discussion on topics of current interest.

Every year the Association awards prizes for Statistics at each of the regional Science Fairs held throughout New Zealand, and provides funds to assist worthy students to attend the annual conference, as well as awarding prizes for student presentations at the conference.

Description and Quantification (to the extent practicable) of the Entity's Outputs:*	Actual*	Budget	Actual*
	This Year	This Year	Last Year
Organised annual conference together with the International Association of Statistical Computing held at the University of Auckland	~ 350 registrants		> 200 registrants
Provision of awards (\$60 each) to every regional Science and Technology Fair in New Zealand	\$1,200.00		\$1,140.00
Provision of student travel awards to enable worthy students to attend the annual conference	11 awards (\$4,950)		9 awards (\$3,850)
Provision of student prizes awarded at the annual conference	4 prizes (\$1,000)		4 prizes (\$1,100)

		\$	\$	\$	\$
		Value of Transactions*	Value of Transactions*	Amount Outstanding*	Amount Outstanding*

OR (Delete one not applicable to the entity)

Note 5: Related Party Transactions

There were no transactions involving related parties during the financial year. (Last Year - Nil)

Note 6: Events After the Balance Date*

Nature of the Event*	Estimated Amount*	How, if at all, the event is likely to affect the continuing viability of the entity*

OR (Delete one not applicable to the entity)

Note 6: Events After the Balance Date

There were no events that have occurred after the balance date that would have a significant impact on the Performance Report. (Last Year - Nil)

Note 7: Additional Notes

The two major sources of funds are membership subscriptions and annual conference registrations, and the major "sink" for payments are costs associated with organising the annual conference. The annual conference is held at a different university campus each year, and some universities require all conference transactions to be handled through their financial systems whereas others expect the association to do this. This means that the NZSA finances for 2017-18 show a large payment figure with very little received, and for the previous year 2016-17 a reconciliation payment to the NZSA has been received, showing a large income figure with less expenditure.
